

myLIFE, mySMILE

myORTHODONTIST

MyORTHODONTIST is proud to be a multi-doctor practice bringing exceptional orthodontists together for exceptional results and spectacular service!

**Dr. Walinder Dhol DDS, MSc, FRCD(C),
Registered Specialist in Orthodontics**

Dr. Dhol has been practicing orthodontics for over 15 years, in Calgary. He started his practice from the ground up and takes nothing for granted. Over the years he has built his organization that now serves many communities throughout Calgary and is happy to be lending a hand to others around him. He is a devoted husband and father of four beautiful girls, with a desire to give back to the community.

**Dr. Hazem Eimar,
Registered Specialist in Orthodontics**

Dr. Eimar received his MSc in Dental Sciences and PhD studies in Craniofacial Health Sciences at McGill University in Montreal. His passion for dentistry pushed him to pursue further education which brought him to Alberta, where he completed his MSc for Orthodontics at the University of Alberta and his FRCD (C) and Diplomate American Board of Orthodontics. During his academic career, Dr. Eimar has published 28 articles for prestigious scientific journals for Dental and Orthodontic sciences. To top it off he has also received more than 28 awards during his studies!

**Dr. Ron Wolk,
Registered Specialist in Orthodontics**

“Orthodontics is a wonderful profession, full of rewards. Seeing a child or adolescent smile with confidence makes me feel like I’ve played an integral part in their lives. It’s why I love coming to work every day. Seeing an adult smile when their braces come off makes me feel like a magician. I have so much fun doing what I do and it thrills me to see my patients happy with their results. Creating new smiles for my patients in the most effective and efficient manner is the energy that warms my soul and has made my life truly wonderful. It’s been said that in order to do great work one must love what they do.”

myLIFE, mySMILE

myORTHODONTIST

Dear friends,

I would like to take this opportunity to let you know that Dr. Ronald Wolk has joined our team at myORTHODONTIST in McKenzie Towne. Dr. Wolk has been a colleague of mine for several years and shares my philosophy for Airway Centric Orthodontics and treatment for patients of all ages. As always, our continued top priority is the overall health and well-being of our patients. We believe in a holistic approach to orthodontics and assess everything from airway and facial muscle function to teeth and jaw structure... and everything in between. Our multi-doctor approach allows us to collaborate and work together to ensure our patients are receiving the most comprehensive, efficient treatment as possible.

For those of you that Dr. Wolk has not yet had the pleasure to personally meet, he practices out of our McKenzie Towne location and is in his 40th year of focusing on Calgarian's smiles! Dr. Wolk truly loves being able to have a positive impact on the lives of his patients. He feels that transforming smiles for patients in the most efficient and effective manner is the energy that warms his soul. His mantra is that "a smile is the shortest distance between 2 people" and he takes great pride in helping patients, both adults and children alike, develop a sense of confidence and poise.

His involvement within the dental community has displayed his deep sense of dedication to the field of orthodontics and truly embodies his devotion toward those who are affected by his day to day work. Dr. Wolk has acted as a governing body for the Canadian Association of Orthodontics and the PCSO (Pacific Coast Society of Orthodontics) and currently chairs the PCSO Delegation to the AAO (American Association of Orthodontics). As a result of his contributions to the PCSO and his commitment to many other orthodontic societies, Dr. Wolk was named PCSO Annual Session honouree and values his volunteer work within the Orthodontic membership organizations.

Please join me in welcoming Dr. Wolk to our team and be sure to say hello when you see him in the office! Should you have any questions, please don't hesitate to contact us directly.

Sincerely,

Dr. Wally Dhol | DDS, MSc, FRCD(C),
Registered Specialist in Orthodontics
